

**VABE-2300/ARCH 1300. Architectural Design III**

**Learning Outcomes**

Last Updated: April 7, 2010

PDC100308-6.2

<p><b>Course Learning Outcomes</b>  <u>At the end of this course, the successful student will know and be able to:</u></p>	<p><b>Characteristics of a University of Windsor Graduate</b>  <u>A U of Windsor graduate will have the ability to demonstrate:</u></p>
A.	A. the acquisition, application and integration of knowledge
<p>B.                      - investigate building codes, mechanical systems, and universal accessibility for a particular design situation and use to inform design choices (also relevant to E)</p>	B. research skills, including the ability to define problems and access, retrieve and evaluate information (information literacy)
<p>C.                      - recognize and use elements of an iterative design process that includes analysis of the problem, identifying its core elements, developing appropriate solutions, and evaluating the results</p>	C. critical thinking and problem-solving skills
D.	D. literacy and numeracy skills
<p>E.                      - recognize the cultural meaning and implications of selected design choices (also relevant to A &amp; C)</p>	E. responsible behavior to self, others and society
<p>F.                      - listen to and interpret user needs beyond what may be communicated and integrate such interpretation into a solution that meets the clients needs (also relevant to H)</p>	F. interpersonal and communications skills
G.	G. teamwork, and personal and group leadership skills
H.	H. creativity and aesthetic appreciation
I.	I. the ability and desire for continuous learning
